

REGINA ZHYLDYZBEKOVA

Software Engineer

SUMMARY

Creative, detail-oriented, software engineer with a deep interest in AI. Proven entry-level track record of creating and implementing successful web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Engineer at 100devs

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built websites for a hair salon and for the Adventure Trip
- Applied agile methodologies like SCRUM for project management

Recent Projects:

makeltMVP (Fullstack Web App) – fresh bootcamp software developers connect with founders to build products and improve their skills while working on a real product. On the other hand, founders will be able to test their ideas.

Story Business (Fullstack Web App) – Users can login to their profile and find stories of others on how they started their business. They can also share their own stories through an input, which they can then edit or delete or make it private/public in their profile.

Programming Tutor

- Tutored clients HTML, CSS, Flexbox and Java Script best practices
- Simplified difficult programming concepts including responsive website development, CSS layout, Promises and API requests
- Provided website UI designs to 1:1 and reviewed code through weekly code reviews

Other Projects: Mountain Holiday Adventure application, StarGazers Society Web App with NASA API integration, On-demand background color changer for Partnered Twitch streamer, Mental Health Support Healthia Website, Creative Portfolio and many more

Founder | Design Flow

December 2022 — Present

- Design Flow is a subscription based design service for workforce & career development organizations who need regular access to high-quality design services. We offer a range of unlimited design requests including graphic design and web design for a single monthly fee.

Marketing Assistant at Premier Virtual | Delray, Florida

November 2021 — December 2022

- Involved with the Marketing team at Premier Virtual through research, writing, and connecting with other departments.
- Assisted and managed Premier Virtual's social media with the latest news about our work, culture, partners, and impact.
- Designed 890+ graphics for social media/virtual events/ pitch decks etc.
